ACCELERATED MASTER’S DEGREE PROGRAMS

Virginia Tech’s Accelerated Master’s Programs can help save time and money on your path to an advanced degree.

- **ACCELERATED UNDERGRADUATE/GRADUATE PROGRAM**
  Students accepted into one of the UG/G programs may double-count up to 12 credit hours of graduate-level course work in the last two semesters of their undergraduate degree. These courses are listed on both the undergraduate and graduate transcripts. That means not only a reduction in hours spent toward a goal, but also a drop in the amount of money invested.

- **DUAL OPTION PROGRAM**
  Students in the Dual program may take up to 12 graduate-level credit hours in the final semester of the bachelor’s degree. These courses are listed only on the graduate transcripts.

- **HOW TO APPLY**
  Students must be accepted into the master’s degree program and approved for the UG/G or Dual Option program prior to the first day of classes in the term the graduate-level courses will begin.

Public and International Affairs  
Sociology  
Urban Affairs and Planning

FOR INTERNATIONAL STUDENTS

Undergraduate students in UG/G or Dual Option programs are not considered graduate students, and the Graduate School cannot issue immigration paperwork for them until they graduate from the undergraduate program.

After their bachelor’s program graduation date, the Graduate School will issue immigration forms for them as graduate students.
